1. In the previous office action mailed on 11/25/02, in paragraph # 3, line 1, it should read as "Claims 1-16,22-41 and 47-50 are" instead of "claims 1-16,21-41 and 47-50 are". Correction has been made by Examiner.

2. Claims 1-16 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

It appears that the specification does not have support for the "magnetic circuit..." as recited in claim 1.

The dependent claims not specifically address share the same indefiniteness as they depend from rejected base claims.

3. Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1, it is unclear what "a magnetic circuit" represents. Is that "magnetic circuit". Is it shown in any of drawings?

In claim 2, line 2,--for a circuit-- should be deleted.

In claim 36, it appears that this claim is an improper dependent claim. It should depend on claim 35 instead of claim 25.

The dependent claims not specifically address share the same indefiniteness as they depend from rejected base claims.

4. Since claim 26 is a generic and allowable, non-elected claims 42-50 have been rejoined and allowed along with claims 26-41. It is noted that in claim 26, --an arrangement-- should be changed to --circuit--.

In claim 27, "for a circuit" should be deleted. Correction is required. Upon such correction, claims 26-27 would be allowable.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
